

## Sara Call Biography

1. I am the youngest of 4 kids. I have an older brother (Michael age 23); I also have two older sisters who are twins (Amilyn & Laralyn age 19) and then me Sara Age 17. Both of my parents went to college for a few years. Mom (Colynne) is a substitute teacher and my dad (Michael Sr.) is an IT Specialist. My older brother Michael went to our local community college for a year before he served an LDS Mission in Knoxville Tennessee.
2. I love to have fun. I find great joy in being with my friends and family. I love being outdoors in rain or shine. I enjoy playing games and am particularly fond of laughing. I enjoy drawing and other arts and crafts.
3. I remember when I was little I would gather everyone into my family room and I would stand up on a blue stool in the middle of the room and sing nursery rhymes. My favorite was Wee Willy Winkie and I had to be sure to have my own night gown on while performing the song. Another fond memory that I have is that I used to have a swing set in my back yard. There was one particular swing that was officially my "Singing Swing". I loved that sing and no one was allowed to sit in it, unless they were going to sing. Music is an amazing part of my life. Everything seems to be revolved around music. When I was younger I wanted to play the piano so badly but we didn't have enough money for lessons. I ended up teaching myself. I love to practice and perform my piano pieces. I absolutely love music and am very centered around it.
4. It wasn't until recently I decided to pursue a music career. It was about two and a half years ago when I realized this is something I love and would enjoy doing for the rest of my life.
5. I have had 3 main influences in music. First my mother. She would sing to me every night when I was young, she has a beautiful voice and I have always dreamed to one day have as beautiful voice as she has. My Grandma Bartholomew was in the Mormon Tabernacle Choir for 22 years. She helps me learn more and more about performing. My goal is to one day be a member of the Tabernacle Choir. Lastly my Grandpa Bartholomew. He like my mother would sing to me all the time. He has a wonderful ear and I a beautiful piano player, who in the end was the reason I wanted to learn how to play in piano in the first place. I love all of these wonderful people who have influenced me and made me who I am today.
6. Right now I am still debating what in music I want to be. I would like to go on and participate in more choirs and ensembles and take classes to further my education in music. Like I stated earlier, a goal of mine is to become a member of the Mormon Tabernacle Choir.
7. I am planning on attending Salt lake Community College this fall and then later transferring to a University.
8. I would love to update you throughout the year. :)
